

Product Certificate

NDS04-2020-247

This is to certify that

**coating systems for protection against corrosion
of thin load-bearing structural elements
according to annex**

produced by

**Yieh Phui Enterprise Co., Ltd.
No. 369, Yuliao Road, Qiaotou District
Kaohsiung City 82544, Taiwan (R.O.C.)**

after having passed the
Initial Type Tests
carried out by MPA HANNOVER

fulfill the requirements of the standards

**DIN 55928-8: 1994-07,
DIN EN 10346: 2015-10**

**DIN 55634-1: 2018-03,
DIN 4102-1: 1998-05**

Period of validity: 31 December 2025

Hannover, 17 December 2020
Head of Testing Institute

LRD Dipl.-Ing. Suhr

Annex
to
Product Certificate
NDS04-2020-247

for

**coating systems for protection against corrosion
of thin load-bearing structural elements**

produced in the manufacturing plant

Yieh Phui Enterprise Co., Ltd.
No. 369, Yuliao Road, Qiaotou District
Kaohsiung City 82544, Taiwan (R.O.C.)

DIN 55928-8 class of protection III, DIN 55634-1 category of corrosivity C3H

substrate: continuously hot-dip coated steel flat products
with aluminium-zinc coating **AZ150** according to DIN EN 10346

coating system:

HDP 25 High Durable Polymer nominal coat thickness 25 µm
minimum coat thickness 21 µm

Period of validity: 31 December 2025

Hannover, 17 December 2020
